

# JACK O' LANTERN

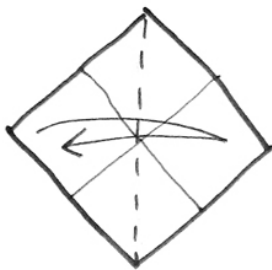

[6" square makes a 3" wide pumpkin]

Diagrams by Mary Ellen Palmeri

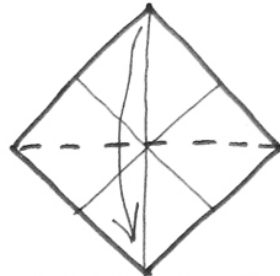

1. Colored Side Up: Crease & unfold the horizontal & vertical centers, then turn model over...

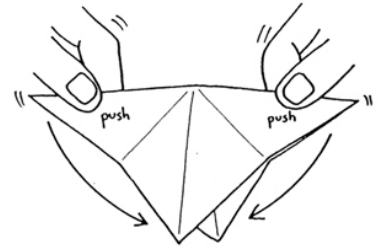

TURN OVER

2. Crease & unfold diagonal

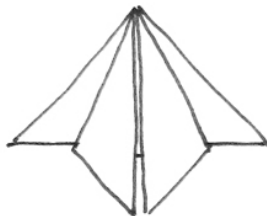

3. Fold top down to bottom point

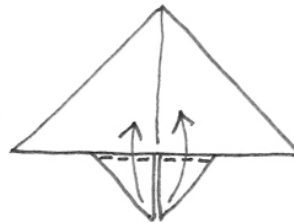

4. Collapse into a waterbomb base: hold along crease & push sides in towards each other, allowing triangle shape to form. See next step for results ....

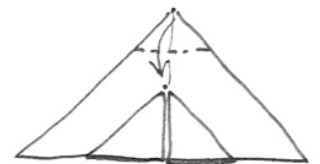

5. ONLY FRONT flaps: Fold over to center & down; see next step for results

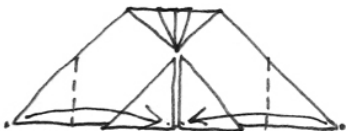

6. Turn model over....

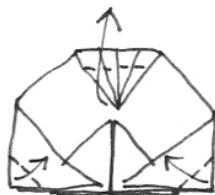

7. Fold small flaps up along bottom edge

8. Fold top point down to meet lower points; crease sharply

9. Fold side points in to meet at center

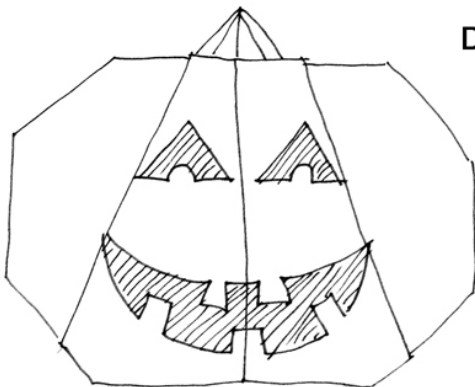

10. Fold top point up as shown; shape sides with small folds on lower corners

11. Turn model over...

12. Folding is completed

## DECORATE YOUR ORIGAMI JACK O' LANTERN

Add features with pencils or markers

*Note: If you pull out the small flaps made in step 7 you can re-crease them to create a stand for your pumpkin!*
