

Shirt with Open Front

Designed & diagrammed by Mary Ellen Palmeri

[Use 2:1 rectangle]

1. Pre-crease center; then pinch-crease sides to find mid-points

2. Fold long edge up to center pinch creases.

3. Fold short sides to center

4. Turn model over...

5. Fold edges to center, while allowing hidden flaps to be released from behind. *See next step for results...*

6. Turn model over...

7. Pull down & fold center edge while squashing flat the corners that pull up; see step 8 for best folding angles to reveal space for the collar...

8. Fold sides in towards center.

9. Fold loose flaps out to form sleeves
Note: Creases begin at top corner points.

9a. Option: Show a 'cuff' on sleeves by folding small strip before folding sleeves out

10. Turn model over...

11. Fold over flaps to create collar

12. Completed 'Shirt with Open Front'
